

Creating Your Film Submission! Script Guidelines

*Join your fellow sailors in creating a stewardship anthem
that will be featured in The Sailing Museum.*

In an effort to simplify the submission process, TSM has developed the following Mad Libs™-style script to use as a guide:

“I am a sailor.

I am proud to be a steward/protector/defender/champion/word of your choosing of the name of the ocean/sea/river/lake/waterway you sail on.

Wherever we sail, our home waters are in danger.

So, here’s what I’m doing to protect them: list 1-3 actions you are taking in the name of stewardship.

Together, we can do this/make a difference/another phrase of your choosing.”

Here’s a template for you to make your own!

I am a sailor.

*I am proud to be a _____ of the
_____.*

Wherever we sail, our home waters are in danger.

So, here’s what I’m doing to protect them:

1. _____
2. _____
3. _____

Together, we can _____.

Thank you for helping to create this exhibit and inspiring others to take action!
